SUGARBABY'S CUPCAKE BOUTIQUE- 3310 S. Shepherd 713.527.8427

This place is ADORABLE!

It's every girl's dream. Pink walls, black and white checkered flooring, Victorian-inspired wall decals and ornate chandelier-like candelabras!

I'm a sucker for sparkly objects. Armoire- and bookcase-like shelving in green accent the main room with non-edible giftS and trinkets on display. The cupcakes come in traditional and "culture" flavors. They offer 10-12 flavors on a daily basis; 5-6 favorite flavors are offered on a daily basis and the rest rotate every other day. I would visit their website to know what day your favorite flavors will be available. The menu can change on a monthly basis so be sure to check! At press time summer favorites like Dippity Doodahs and S'mores are on the menu along with old-fashioned favorites like Va-va-vanilla and Velvet Rouge. You can special order but make sure to call ahead of time. They can't make you 2 dozen cupcakes on the spot! You can wash down the deliciousness with some Dean & DeLuca Coffee or tea too! A party room is available for shared baking bliss. For more information on special orders and the menu, check out their website ASAP!

*It's a Nice Day
to Start Again...*
